There is a laundry room built downstairs but the remainder of the basement is unfinished. There are 3 walls downstairs that are framed and have been insulated but no vapor beerier. There is some extra insulation for the basement that stays. Newly paved parking shared with the house next door. Also there is a well on this property that also provides water to the house next door. The owner has put in a new sump pump in the basement and there is also a sump pump outside at the Southeast corner of the home. The exterior is stucco and the back entrance has a large paving stone patio. The back yard is completely fenced and the yard also has an older garden site. Fiber optic internet has been brought to home but never hooked up. There is some 2 foot by 2 foot interlocking foam flooring that also stays with the house.
