Back alley too, in case you want to add a garage in the future. The main floor includes a very spacious East facing living room and a West facing kitchen and dining room. Quartz counters in the kitchen, lots of cabinets, gas stove, a very deep double sink and also a reverse osmosis system, so you don't have to buy bottled water. You have your own hot tub and a generous yard, with raspberry bushes, sour cherry trees, apple trees, and a fire pit, to enjoy those cool nights. The basement includes a rec room, the utility room with lots of room for storage, and two more bedrooms plus a full bath. Very close proximity to Calgary Public Library, Lester B. Person high school, St. Rose of Lima Jr high school, shopping and Village Square Leisure Centre. Other features include: stucco exterior, that keeps the house warm in winter and cool in the summer, 2024 new patio doors and main floor windows, water softener and reverse osmosis system. The other windows were changed prior to 2024. The two large IKIA closets in the bedrooms stay with the
