4 Bedroom, 3.00 Bathroom, 1,105 sqft
Residential on 0.23 Acres

West Park, Red Deer, Alberta

This spacious bungalow is ideally located across from the new Westpark Junior High School and just down the street from Red Deer Polytechnic. It features four bedrooms, including a massive primary suite with a three-piece ensuite, a custom tiled shower, and direct access to the back deck. The home does need some TLC, but it has a lot of potential. Enjoy a large backyard with a premium vinyl simulated stone fence for privacy and soundproofing. The beautiful four-stone water feature will need some TLC but is stunning when running, adding a tranquil touch to the yard. There's also a 30x24 garage, a driveway at the back, and an additional driveway on the north side "providing ample off-street parking for vehicles or RVs. Inside, the main floor offers a spacious living room with a natural gas fireplace, an open office area, and a kitchen and dining room with sliding doors to the deck. The basement includes a large family room with a wood-burning fireplace and gas start, two bedrooms, and a four-piece bathroom. Additional features include a high-efficiency furnace, high-efficiency water heater, and central air conditioning. Please note: The photos used in this listing were taken during a previous listing. The home is currently almost empty.
