Some homes offer stunning views. Others offer privacy, spacious layout, or income potential. Rarely do you find a home that combines all these features—but this one does.

Facing onto peaceful green space, this exceptional property offers a rare sense of privacy and security—perfect for families with children. Soak in the mountain views from the expansive two-tiered deck, complete with built-in entertaining space and a beautiful firepit.

Inside, the main level offers a bright, open-concept layout with a spacious living room, large dining area, and a modern chef's kitchen featuring quartz countertops and a premium appliance package worth over \$10,000. A main-floor office has direct access to the deck, making it ideal for working from home or enjoying a quiet reading space. A convenient powder room completes this floor.

Upstairs, the primary suite is a true retreat with a custom walk-in closet and a luxurious 5-piece ensuite. Additionally, you'll find three generously sized bedrooms, all with excellent closet space, plus a full bathroom, and a dedicated laundry room with ample storage.

Downstairs, the fully self-contained LEGAL basement suite is beautifully finished and thoughtfully designed. With its own address

and private entrance, the suite features a full kitchen with high-end appliances, spacious living and office areas, a large bedroom, a bathroom with a walk-in shower and bench seat, and its own laundry space. The suite is incredibly quiet thanks to superior insulation, and currently generates over \$2,000/month on Airbnbâ€”perfect as a mortgage helper or in-law suite.

Additional features include a brand-new central A/C unit (2025) and a whole-home water filtration system, adding comfort and peace of mind. Thereâ€™s even dedicated RV parking and an oversized heated and cooled double garage with plenty of storage. This is more than a homeâ€”itâ€™s a lifestyle upgrade.
