4 Bedroom, 1.00 Bathroom, 2,729 sqft

Residential on 8.86 Acres

NONE, Rural Vulcan County, Alberta

Just 15 minutes northeast of the Town of Vulcan, this 8.86-acre property offers a rare opportunity to own a solidly built country home with room to make it your own. Constructed in 1981 with concrete block exterior walls and poured concrete basement walls, this bungalow boasts over 2,450 sq. ft. on the main level, plus a 278 sq. ft. upper level with a walk-out deck. The home has a dated interior but tremendous potential to increase value with cosmetic updates. The main floor features an open-concept kitchen, dining, and living room, four spacious bedrooms, a full bathroom, a large laundry room, and a mudroom with sink at the main entrance. The upper level offers a bright family room with deck access and sweeping views of the countryside. The basement, currently used for storage, has a gravel floor, high ceilings, and great potential for development. Recent updates include a boiler system replaced within the past five years. Water is supplied by a drilled well, and there is also a right of way for a water co-op on the property. The acreage includes fenced pasture land, an older but well-maintained shop, additional older buildings used for storage, and an older barn in poor condition. The peaceful setting is enhanced by a natural draw—a small valley—running through the pasture at the north end of the property. If you're searching for a strong, well-built home in a tranquil rural setting—ready for your personal touch—this property is worth a closer look.
