This bright and welcoming hillside bungalow offers a perfect blend of original charm and modern updates. The open-concept main floor is filled with natural light and showcases stunning original hardwood flooring. The spacious family room features a brand new freestanding wood-burning stove (2023), creating a cozy retreat year-round.

Step outside to enjoy the updated back deck (2024) overlooking a large garden area—perfect for relaxing or entertaining. Major upgrades include a fully new septic system (2024), hot water tank and furnace replacement (2018), and shingles (2017), ensuring peace of mind for years to come. The home was moved onto a new PWF (Preserved Wood Foundation) in 1998, offering a solid foundation and modern reliability.

Also on the property is a new 12x32 cabin, featuring sleeping quarters, roughed-in bathroom, and an open kitchen/living room area—ideal for guests, extended family, or potential rental income.

For those needing space for projects or storage, there's a 20x22 detached garage with a lean-to, and a large storage shed with additional covered storage areas.
