Here is an affordable single family home that features 3 bedrooms, 2 bathrooms, fully developed basement, with spacious family room including rough in plumbing for a wet bar or perhaps future kitchenette . The attached single garage includes a basement entry directly from garage into laundry /mud room. You will notice this home is not the standard bi-level interior that was common in the 80's. This home stands out!! The cornice detailed ceiling wide trim and the freshly painted walls with wainscoting features are seeing a revival in some of the latest show homes . What was old is now new again!! Just pick your own designer colors to transition this to your own style and you will have a one of a kind look and feel in an affordable priced single family home!! This home has had a full fresh interior paint job, new window blinds, cleaned and is ready for the next owner. Close to parks, shopping, schools, bus routes, be sure to take a look at the value here!! A fourth bedroom can easily be achieved in this floorplan. Take advantage of an affordable price range for a Single Family home on the westside in this rising market!! A little yard work and a few of your own improvements, you have yourself a pretty impressive home!! The side yard is fairly private and borders along a walking path . Lots of parking too!
